Republican and Bull Moose Electors by Petition.

Hilles Is Wired to Remove Committee from Avery.

Lisner Forces Anticipate Adverse Decision.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN FRANCISCO, Sept. 8.—Members of the Republican and Bull Moose parties held meetings here yesterday and discussed problems involved in placing the names of Presidential electoral candidates on the November ballot. Both arranged to place the names of their candidates on the ballot by petition and both prepared to fight in the courts for the designation "Republican."

Among those who attended the Republican meeting were Fred S. Hogue, Thomas E. Kane, Grove L. Johnson, Senator E. I. Wolfe, A. G. Rogers, Fred G. Sanborn, Col. Charles Mifflin Hammond, Samuel M. Shortridge, and Frank Short.

ASK THAT AVOY BE REMOVED.
Fred S. Hogue was authorized to appoint a committee, five of whom are attorneys, to decide what action is to be taken in carrying the fight of the Republicans into the courts. The meeting adopted a motion that House telegraph Chairman Hilles of the Republican National Committee demand the removal of Russ Avery of Los Angeles from the position of national committeeman. Avery is also chairman of the Republican County Committee of Los Angeles and has been active in the Bull Moose cause.

The third termers decided to hold a caucus to decide upon methods of procedure before the State convention September 24, but the date and place were not named. It was decided to begin at once the circulation of petitions to place the Progressive electors on the ballot, under the name "Republican."

LISNER LOOKS AHEAD.
It was explained by Meyer Lisner of Los Angeles earlier in the day that this would be done to prevent the possibility of the Bull Moose electors being thrown out of the ballot by an adverse court decision. It will also give the third termers an unsatisfactory standing at the next election. A sub-committee will be named by Meyer Lisner and Chester Russell to plan the coming campaign. The question arose as to who would be eligible to sign the nominating petitions. It was decided to follow the advice of Atty-Gen. Welch that the electors must have registered as third termers, and must not have voted at the Presidential primary.

WILL ADD SPICE TO CAMPAIGN.

Republicans Anticipate Significant Revelations in Investigation of Campaign Contributions.

(By Federal (Wireless) Line to the Times.)
WASHINGTON BUREAU OF THE TIMES, Sept. 8.—(Special Dispatch.) Republicans are interesting themselves in the coming investigation under the Penrose resolution to investigate campaign contributions and the use of money to influence legislation.

Said Senator Ford of Washington yesterday: "The amendments to the Penrose resolution offer a more important and significant field of investigation than the original proposition. The investigation of the Clapp Committee can, and I believe, will be the most important feature of the last half of the present campaign. Col. Roosevelt, John D. Archbold, William H. Hearst, E. A. Van Valkenburg, William Flinn, J. P. Morgan, William Rockefeller, G. W. Perkins, and others who know anything about the campaign contributions and the use of money to influence legislation will be subpoenaed and interrogated."

Roosevelt Speaks and Then Montana State Convention Adjourns Abruptly to Shut Off Fight.

(BY A. P. NIGHT WIRE TO THE TIMES.)
HELENA (Mont.) Sept. 8.—The first State Bull Moose convention was brought to an abrupt close last night while delegates were debating a platform plank providing for the summary recall by the convention of candidates who proved unfit after election.

After bitter discussion on the floor, the plank had been referred back to the committee on Resolutions.

After Col. Roosevelt's speech, W. D. Rankin, chairman of the committee, moved its adoption.

Senator Dixon ruled that the motion to adjourn was carried.

WATSON IS CONVINCED.

Canvass in Indiana Counties Convinces Former Republican Whip That Roosevelt Has No Chance of Election.

(By Federal (Wireless) Line to the Times.)
INDIANAPOLIS (Ind.) Sept. 8.—(Special Dispatch.) Following a conference of Republican leaders from all the counties in Indiana, James E. Watson, former whip of the House and floor leader for the Taft forces at the Chicago convention last June declared:

"Immediately following the Chicago convention I felt that we did not have much of a chance, but since then, I have been attending county conventions and I am convinced that the fight is between Taft and Wilson. I am in correspondence with men in every county and the reports they make show that the situation is improving right along for the Republicans and that we have a chance of carrying the State."

Fred A. Sims, chairman of the Republican State Committee, confirms the statement made by Watson.

The sixty day poll which is now being completed is being received at the Democratic and Republican headquarters and it is apparent that the Democratic and Republican poll takers have obtained the same information, that while there is serious disunion among the Republicans, the Democrats are not disturbed by the candidacy of Roosevelt.

UNCLE SAM IS ALL READY TO INTERVENE IN MEXICO.

President May Call Special Session of Congress Any Moment and Troops Are Massed Along the Border With Supplies Packed, to Pour Into Mexico—Transports Tentatively Secured at Principal Ports.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, Sept. 8.—(Special Dispatch.) That all is ready for armed intervention in Mexico now admitted to be absolutely inevitable by the most conservative observers in the National capital. Troops, transports and the Pacific and Atlantic squadrons of the navy are prepared for the orders which will end the lawlessness within the Mexican borders by a concentration of the land and sea forces of the United States, swift, sudden, certain.

TROOPS ARE MASSED.
Already there are under the command of Brig-Gen. Stever, 1800 officers and men massed on the border within easy striking distance of the main body of the Mexican rebels. Although only admitting the seriousness of the situation with extreme reluctance, President Taft is prepared to summon Congress in special session at a moment's notice and secure approval for the pacification of the neighboring republic by force of arms. Immediately Congress authorizes the

MADERO SEES NO REASON FOR INTERVENTION NOW.

Declares that There Are Sixty Thousand Troops Under Arms, that There Is a Handsome Balance in the Mexican Treasury, that the Northern States Are About to Be Pacified and the Army Will Be Increased.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

CITY OF MEXICO, Sept. 8.—(Special Dispatch Via Galveston.) Upon his return today from preaching in the Spanish town of Cuernavaca, where he was greeted and cheered by immense crowds, President Madero declared at length political conditions in the republic with the Publishers' Press correspondent, with special reference to reports printed in American newspapers that intervention in Mexico by the United States was impending.

Nothing in Madero's demeanor or language indicated that he entertained the slightest uneasiness over the recurrence of rumors that the United States is contemplating sending troops into Mexico to assist the President in restoring order, or that Ambassador Calero is, as reported, bound hit with something in the nature of an ultimatum to deliver to Madero from Taft.

SIXTY THOUSAND UNDER ARMS.
Madero affirmed emphatically that conditions along the northern border in the State of Sonora had so improved that he was unable to discern any reason why the United States should now contemplate employing armed forces to protect American interests, which the President declared were no longer in jeopardy. The investigation of the government within the next two days would send additional troops to border points in Sonora, where a few days ago conditions might have existed which would afford an excuse for anxiety in Washington.

"It must be said with every emphasis," said the President, "that conditions have improved materially in all points in the republic, especially in the north. The government has under arms today and rendering effective service against all classes of disturbers of the public peace and order, 60,000 men. If necessary it will add to these as many as may be needed to have all the money at our disposal that we need."

BALANCE IN TREASURY.

Madero continued: "The balance

MR. TAFT MAKES RECORD WHERE ROOSEVELT FAILS.

Enormous Deficit Is Turned Into Handsome Surplus by Businesslike and Economical Administration that Should Appeal to Every Voter, for in the End Extravagance Is Borne by the Ultimate Consumer.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BEVERLY (Mass.) Sept. 8.—President Taft discussed the national situation with Chairman Hilles and Treasurer Sheldon of the Republican National Committee and talked over political affairs in Connecticut, Rhode Island and Massachusetts with leaders from those States who visited him yesterday.

The President was still suffering from his lame ankle although it showed improvement.

BUSINESS MEN FOR TAFT.
Chairman Hilles issued a formal statement tonight declaring he has found conservative business men to be for the re-election of Mr. Taft because of his record as an economical Chief Executive.

The statement which met the approval of President Taft and Mr. Sheldon follows:

"I find that conservative business men look with favor on the candidacy of President Taft for re-election because they know he has been a conscientious and successful administrator of the finances of the government. Usually, a public official who imposes a check on the increase of expenditures finds that he has performed a thankless task. The situation in the treasury with which President Taft was confronted was very different from that which confronted Roosevelt when he became President. Mr. Roosevelt in 1901 assumed charge of government whose ordinary disbursements for that fiscal year were \$471,190,857. The receipts for that year were \$91,000,000 in excess of the disbursements."

cause, the same as the Federalists, and that they would be hunted down like enemies if they did not surrender their arms and ammunition to these same rebels.

CANANEA CUT OFF FROM UNITED STATES.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NACO (Ariz.) Sept. 8.—Mexican rebels today cut off all traffic and communication between here and Cananea, Sonora, Mex., where about 500 Americans reside. Shortly afterward a passenger train arrived here carrying 500 rifles and 150,000 rounds of ammunition sent by the United States government from the arsenal at Ft. Sam Houston, San Antonio, Tex., to arm the American residents in Cananea.

The rebels cut the railway in an attempt to prevent the shipment of arms reaching the Americans at Cananea. The passenger train that left here this morning for Cananea was captured by rebels a few miles south of the international line, the engine derailed and the passengers allowed to continue on their journey. The work of a passenger coach down the grade from Naco to Cananea. Six bridges were burned.

AMERICANS IN DANGER.
Care has been taken to conceal the identity of the shipment of arms but news that the Americans of Cananea had requested Washington authorities to send them arms for self-protection and that the request had been granted is believed to have become known among the rebel chiefs operating in this vicinity.

Not only are American lives believed to be in danger as a result of the rebels' capture of the train, but the mines must close down for lack of fuel within four days, mining employees being unable to reach the mines.

EVACUATED BY FEDERALS.

Cananea is one of the most extensive copper mining centers in the world and the Cananea Copper Company is the richest corporation of its kind in Mexico. The railway destroyed by rebels runs from points of the American border to Cananea, the Pacific coast of the southern Pacific of Mexico system. In Cananea are about 500 American men and about fifty American women. About 100 of these are American cowboys from surrounding ranches. Recent threats of rebel leaders to attack Cananea have caused the evacuation of the camp a few days ago.

SALAZAR CONFERES WITH AMERICAN OFFICERS.

(BY A. P. NIGHT WIRE TO THE TIMES.)
HACHITA (N. M.) Sept. 8.—Conferences between United States army officers stationed here and the Mexican rebel leader, Ines Salazar, took place today on the border about fifty miles southwest of here. Major Sedgewick Rice, commanding four troops of the Third cavalry stationed along the border below here, today rode to the border to talk with the rebel leader.

REBEL GENERAL APOLOGIZES.
Salazar apologized to the American officers for the incident a few days ago when Mexican rebels of his command crossed the line and fired on American soldiers on patrol duty. Salazar, in the absence of Gen. Pascual Orozco, is said to be in full command of Douglas, Ariz. It is believed, however, that Orozco, the rebel commander-in-chief, is remaining in the background a few miles in the interior. Salazar commands about 400 men.

In his interview with the American army officers Salazar said he intended to move west along the border, take Cananea, a mining center south of Naco, Ariz., which at present contains a large American population.

NORTHERN REBELS MOBILIZE.

WILL ATTACK CANANEA.

(BY A. P. NIGHT WIRE TO THE TIMES.)
DOUGLAS, Sept. 8.—Movements of Mexican rebels below this point indicate a mobilization. Rebels and Emilio Campa, two rebel chiefs, have joined their forces only twenty miles south of Agua Prieta, in the Mexican town which adjoins Douglas. Salazar's avowed intention of moving west along the border and attacking Cananea indicates a general mobilization of all rebel forces numbering probably more than 1000 men, but vastly superior in force to Federal commands in this vicinity. Agua Prieta is defended by only 130 Federal soldiers and two poorly equipped machine guns.

Court asked to Enjoin Raleigh Paper from Advocating Mobism in Violation of Charter.

(By Federal (Wireless) Line to the Times.)

RALEIGH (N. C.) Sept. 8.—(Special Dispatch.) It was given out tonight that suit had been started against the State Dispatch for coming out in favor of the Bull Moose campaign and the third-term candidate.

Very Rev. Waller has filed the action, asking the courts to enjoin the State Dispatch from any further advocacy of Mobism, the charter stipulating that a "Republican newspaper" was to be printed and published.

Waller says Roosevelt is no longer "even pretending to be a Republican," consequently the subscribers and readers of the paper are deceived. The case will come up before Judge Wheeler in the Greensboro court tomorrow.

Dr. F. F. Barker, the pneumonia specialist of Johns Hopkins, Baltimore, arrived at noon, having traveled from the North Carolina Mountains in a special train at the rate of seventy-two miles an hour.

He would not discuss her case tonight, except to say that she was very weak. Other physicians believe that if she can maintain a degree of strength for the next twelve hours, there will be a good chance of saving her life.

"American" of Oregon Marries After Two Years' Separation.

BURG (Or.) Sept. 8.—(Exclusive Dispatch.) An unusual and charitable occurred aboard the Oregonian train, which carried 125 veterans and wives transients to the aged couple, married, who boarded the train.

The couple gathered in two dining cars and the bride and groom, dressed in their own, and were sung in their honor, and a drum corps, consisting of five furnished military music, and captured from waters of the Pacific.

On account of the importance of the occasion, the bride and groom made clever speeches.

San Francisco, Sept. 8.—[Exclusive Dispatch.] The California deciduous fruit season of 1912, which is drawing near a close, has been a successful one from every standpoint. The crop has been an average one, and the transportation facilities have been good and the growers have made money.

PEACHES AN EXCEPTION.

Of all the varieties of deciduous fruits grown in California there has been only one this year that has failed to yield a satisfactory profit to the grower. This is the peach.

While peach growers this year have made a slight profit, none of them has made big money. This is because there was an unusually large crop of peaches in all peach-growing districts of the nation. Georgia had a phenomenal crop and so did Texas.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

POLO PRACTICE NOW IN ORDER.

Crown City Players Getting Ready for Season.

Harangues of Socialists Continue in Public Park.

Grand Army Men Will Be Given Royal Greeting.

(From the Times, Sept. 8, Pasadena.)

PASADENA, Sept. 8.—The practice games of the Pasadena Polo Club for the coming season will begin this week. The first will take place at the club grounds, near the polo field, and they will occur regularly Wednesday and Saturday of each week. As last winter, the members will be divided into two teams, the Reds and the Whites.

Already a number of the polo ponies which have been out to pasture this summer have been brought to the city, and the others will be brought in today and tomorrow. The field at the park has been leveled and put in excellent condition for the matches. Several new horses have recently been broken for the same and there are prospects that some of these animals will be sent East for use by eastern polo teams.

It is claimed none are so good as western horses which have a streak of bronco blood in them, which gives them endurance and courage. Dr. Z. T. Malaby, one of the members of the club, said yesterday that two teams from the Middle West have decided to come to Pasadena this winter and that they will arrive before the holidays, thus assuring some good matches before the Canadian and English teams, and the military team, made up of United States army officers, which are expected later in the season, arrive.

One of these teams will come from Colorado. It is the team which has been playing at Greenwood Springs, that State, and is composed of A. Stephens, Foster, Syma, William Devereaux and F. Johnson.

W. Yelle and several will be two members of the Kansas City team. They are well known here and the other two also will be crack players, it is declared. This team is expected to be the strongest in the country, and some good games are expected.

This will be the third winter that polo will have been played in Pasadena, and the coming season bids fair to attract the attention of devotees of the game in all parts of the world.

CONTINUE TO USE PARK.

The Socialists met again at Central Park yesterday, but police Commissioner J. O. McComb and Chief of Police Wood were present. Whether it was because they were there or not, the meeting remained within the bounds of what they thought was proper, and the meeting was not stopped.

Stanley Wilson of Los Angeles, editor of The Citizen, harangued the crowd yesterday. The attendance was not large. In the speaker's own words the assembly was termed "a socialistic propaganda meeting."

ARREST MAY BE MADE.

Still another smoldering fire was discovered near camp No. 66 in the Arroyo Seco a few days ago by J. J. Dunston, the United States forest ranger stationed in the canyon, and a John Doe warrant has been issued for the arrest of the camper who left it. Dunston said yesterday that there had been a mistake made, but that he expects the person who left the fire to be arrested today.

This made five fires which have been found by rangers in the Arroyo Seco within the last few weeks. Although the number does not indicate the number of fires which have been left burning other summers, the danger has been great as the shrubbery in the canyon is very dry at the present time.

The final touches yesterday were of a new City Recorder.

GREATEST BUSINESS IN HISTORY OF PORT.

SAN PEDRO, Sept. 8.—Los Angeles' jobbers and merchants imported more merchandise during the month of August than any other single month in the history of the port, according to the report of the customs office here today.

There were nine foreign steamers in port during the month with an aggregate registered tonnage of 23,646. Included in the foreign imports were vast quantities of holiday goods, fine liquors, chemicals and mineral waters, from Europe, and fertilizer, hardwood, cocoa and coffee from South America and Mexico.

Besides the domestic imports of merchandise from northern ports reached the enormous total of 11,665 tons. Lumber imports were 7,163, 690 feet, the largest single item. June of this year, in the history of the port. The normal lumber receipts are less than 60,000,000 feet. The report for August is the largest in the history of the port.

Domestic imports: Lumber, 71,363,000 feet; shingles, 29,626,000; paint, 2,120,000; glass, 5,212,000; tin, 89,600; poles, 1,672,000; 319; doors, 7,766; grain, 4,659 tons; paper, 3,145 tons; excelsior, 81 tons; flour, 275 tons; bags, 24 tons; canned, 891 tons; staves, 49 tons; bran, 65 tons; cheese, 42 tons; malt, 52 tons; marlin, 192 tons; lard, 19 tons; sugar, 174 tons; fertilizer, 302 tons; car wheels, 22 tons; feed, 264 tons; shooks, 85 tons; lead, 53 tons; shells, 15 tons; salmon, 23 tons; fish, 15 tons; veneer, 19 tons; tobacco, 10 tons; soap, 18 tons; food, 15 tons; meat, 83 tons; wire, 15 tons; tonerhandies, 11,465 tons; fish, 48 tons; vinegar, 90 barrels; oil (crude), 15,100 barrels; wine, 40 barrels; cattle, 16 head; oil (refined), 210,000 gallons. VANDALS SEEK TO EMBARRASS.

Long Beach Water Plant Object of Attack.

Investigation May Involve Men of High Standing.

Southern Pacific Train Crew Is Held Blameless.

(From the Times, Sept. 8, Long Beach.)

LONG BEACH, Sept. 8.—Tomorrow morning Councilmen Humphries, Clapp and Pearce, accompanied by city officials, will inspect the water plant at Long Beach, where vandals sought to embarrass the city by cutting off the water supply.

This trip is preliminary to an official investigation of the vandals, who were seen by the city club that the vandals were not being managed to the best degree in the way of good service for the consumers, and that the vandals were a shortage of water during the hot summer months.

The Board of Public Works has insisted upon a full investigation, asserting that the charges originated in the prejudiced minds of certain members of the former water commission who were removed by Council because of their refusal to accept certain acts by the Mayor and Council in the way of appointments.

The special committee says the probe will be thorough and that all meetings will be public.

Meanwhile the police are investigating several acts of vandalism during the past week, the result of which is the attempt to empty the Signal Hill reservoir and other tanks in the city at the mercy of fire or else to create another sprinkling shortage.

Which would result in an added attack by the vandals on the water supply.

On Monday night the fire plug at the municipal water tank, known as the Signal Hill tank, was cut out by vandals.

On Tuesday morning, Tuesday night a fire plug at Broadway and Golden was cut out, causing a flood that did considerable damage to the new street paving and grading on Broadway.

Thursday night every hydrant in the city was turned on, flooding the city to the depth of several inches. The result of these three acts of vandalism is the loss of water to the city.

The vandals, who are thought to be the same as the vandals who cut out the fire plug at Broadway and Golden, are being sought by the police.

Morris Pettenger and William Sasmann of Los Angeles, was laid the past week and the craft will be ready for launching November 15.

The police are investigating the theft Saturday night of a number of railroad ties from the city docks, also two skiffs and a sixty-five-horsepower motor. It is thought that the gang of harbor pirates who made a clean-up a year ago of all the portable plunder on yachts moored in the harbor, are again beginning operations.

The local Iowa Society met last night and completed final arrangements for the big annual mid-summer picnic of the Iowa Society at Bixby Park on next Saturday, when it is expected that 20,000 former Hawkeyes will gather here.

Knox, with Miss Lois Wilson as maid-of-honor. The groom's attendant will be his brother, Sherwood Kinney. The couple, after a tour, will live on the Kinney ranch, near Pasadena.

Mrs. D. G. Roeder, who was thought to have perished in the ruins of the Deatur Hotel, is alive and well. A letter was received by the proprietor of the hotel from Mrs. Roeder yesterday. She is in Bakersfield, whence she went the night of the fire. Hurling from her room in the hotel with a few belongings in her hands, she left by the rear entrance, the front having already caught fire. Fearing that the whole beach would be destroyed, she secured a ride in an automobile to Los Angeles, and took passage on a train to the house of her sister in Bakersfield.

NEWS BRIEFS.
The Venice Italian band, accompanied by half a hundred Venice boosters, will leave in a special car for Pasadena tomorrow morning to assist that city in celebrating the beginning of Pacific Electric train service from Los Angeles to that city. The car will be placarded with "Venice posters. The band will play a special concert, while P. K. McCarver will make friends for Venice and distribute literature. The car is scheduled to return here at night.

Fire Chief Hubbard and the city officials are making extensive preparations for the entertainment of the Pacific Coast fire chiefs, who spend Tuesday evening here. The salt water fire prevention system, which is the pride of Venice, and which did much to prevent the spread of fire Tuesday, will be demonstrated, six large streams being directed on the beach. The city electricians have arranged that the streams will radiate almost all the colors of the spectrum through electric searchlights. The chiefs will be banqueted at the Ship Cafe, and will be given various rides and free amusements.

TO ENCOURAGE ATTENDANCE.
Soldiers at Veterans' Home Will Be Given Low Rate to City on Day of Parade.
SOLDIERS' HOME, Sept. 8.—To courage veteran attendance in Los Angeles on the occasion of the Grand Army parade to take place, in that city on Wednesday, next, arrangements have been made with the Los Angeles Pacific Railroad Company, to provide a round-trip ticket for that day at half the usual rate—25 cents.

The tickets may be procured at the home store, commencing Monday, September 9. It is expected the home will have the appearance on that day of a deserted camp.

EXPEDIENT DEATH.

LIBERTY, RIGHTEOUSNESS THRILLING INVOCATION.

Words of Fire Usher in Great National Encampment of the Grand Army.

Ringed Appeals by Leaders of Mighty Host Rousing Flame of Patriotism in Crowded Congregations of the City's Greatest Churches—Commander-in-Chief Trimble Opens With Powerful Address.

CLARION words of patriotic appeal to the memory of a glorious past and to the hope of a great future, made thrice effective because they rang from the pulpits of the city's greatest churches, formed the mighty invocation which ushered in the forty-sixth national encampment of the Grand Army of the Republic yesterday. Uttered by the most notable men which the Grand Army of the past and present has produced, no more effective preamble to the great gathering could have been conceived.

Yesterday morning when the congregation of the Hamilton Methodist Episcopal Church rose amid an outburst of applause and the fluttering of hundreds of handkerchiefs in a Chautauque salute for the Commander-in-Chief of the Grand Army of the Republic, the first public act of the encampment became an accomplished fact. Its keynote was sounded by Commander Trimble in the theme of his address, "Liberty and Righteousness."

The presence of the commander-in-chief at Hamilton church came about in pursuance of the custom which takes the highest official in the army to the pulpit of the ranking G.A.R. clergyman in the convention city, on the Sunday preceding the encampment. Rev. Dr. Will A. Knight, pastor of the church, is not only the

Millions of Blossoms Needed for
Great Parade of the Grand Army
Wednesday—Two Miles of Petals.

Every grower of flowers is urged to send all the blossoms possible to No. 124 West Seventh street next Tuesday, for the use of the committee in charge of the flower distribution for the parade of the Grand Army veterans on Wednesday. It is the hope of those in charge of this portion of the parade, to make it a memorable feature, and it is desired that there be no lack of flowers for strewn the entire line of march of the old soldiers, with the fragrant blossoms.

MIGHTY VETERAN ARMY IS DOUBLED IN A DAY.

Twenty Thousand Now the Number of Grand Army Men, Members of Allied Organizations and Visitors to the Great Encampment—An Unending Procession of Heavily Loaded Trains from Everywhere.

SWELLING the Grand Army invasion to 20,000 delegates and visitors, a second host of veterans swept into the city on special trains from every section of the country yesterday.

They were tendered a welcome even more rousing and enthusiastic than that which met the first of the conquerors Saturday night. Flowers, applause, ringing cheers and batteries

national President of the Ladies of the G.A.R., were also among the arrivals.

Whooping it up for the Lone Star State, two enthusiastic veterans representing the Department of Texas under Past Department Commander W. F. Connor arrived in the city over the Santa Fe at 8 o'clock yesterday morning.

Commander W. B. Roberts of the Department of Minnesota and a party of thirty-six veterans and eighteen delegates arrived in the city over the Salt Lake during the day and in the party is Levi Longfellow, a relative of the poet.

In addition to the delegates and comrades from the Department of Minnesota scores of other eastern people were on the train. The entire delegation was taken by reception committees to the Snow Hotel, where the veterans and the Women's Relief Corps of the department established department headquarters.

Among other sunrise arrivals from the East included the Kansas delegation, which came on a special over the Santa Fe at 6:30 a.m. with 150 aboard. Department Commander J. M. Harrison, Col. W. W. Dennison and F. H. Cooney were among the notable delegates. Cooney is a Past Department Commander.

Several hundred enthusiastic veterans and as many friends came in over the Southern Pacific from Santa Barbara at 3:15 o'clock yesterday afternoon under command of Col. C. C. Hunt of Star King Post No. 51 of Santa Barbara.

Department headquarters for the Women's Relief Corps of California and Nevada were opened in the Alexandria yesterday afternoon by President Hattie B. Onyiah, although but part of the department delegation had arrived. Several hundred members are expected here this morning from all parts of the two States. Those who are already here are Ella C. Carlin, senior vice-president; Sarah B. Lee, department secretary; Gertrude B. Jones, inspector, and Past Inspector Minnie H. Powell.

NOTED WOMAN.
Geraldine E. Frisbee of San Mateo, who is a candidate for national president of the Women's Relief Corps, arrived in Los Angeles last night on the San Francisco special. She was met by a committee and taken to the Alexandria.

Geraldine Frisbee has been a member of the corps for a quarter of a century and has been a continuous office holder. She was corps president six times, department president, treasurer, president and vice-president of the Women's Relief Corps Home Association of California; department counselor, the department inspector and press correspondent, chairman of the National Executive Board, national senior vice-president, vice-president of the National Council of Women and national inspector.

At the Rochester (N. Y.) encampment she was a candidate for the national presidency and was defeated by but sixteen votes. Her election here is practically conceded, say her friends. The Department of California and Nevada Woman's Relief Corps will tender her a formal reception at the Alexandria Tuesday evening from 7 to 10 o'clock. The affair will be held in the library of the hotel and a thousand guests are expected to attend.

It is the intention of the California and Nevada members of the Woman's Relief Corps to present a petition signed by 1500 women to the encampment seeking endorsement of a plea to have pensions of widows of Civil War veterans raised from \$15 to \$20 a month. This will apply, however, only to widows who were either married at the time their veteran husbands went into service during the Civil War, or not later than ten years after that time. This is one of the momentous resolutions to be presented to the encampment for indorsement. It has already been indorsed by the Woman's Relief Corps of Stanton Corps No. 14, which has a membership of 460 women and is the largest corps in the country.

Scores of veterans assembled here from all parts of the country exchanged reminiscences of war-time days and dangers in the headquarters of the Union Ex-prisoners of War at the Alexandria. Some of these veterans who embraced and wrung each other's hands have not met since the days of Libby and Andersonville.

FROM MIDDLE WEST.
A host of old soldiers and relatives among them thirty-eight delegates representing the Department of Indiana, reached Los Angeles on the Indiana special at 10:30 a.m. It was the first delegation to get into the city on or ahead of schedule railroad train, arriving two hours earlier than expected and surprising the Reception Committee by marching en masse into the Alexandria Hotel while the committee was preparing to meet the train, which came over the Missouri Pacific and the Kansas City line to the Santa Fe.

Principals of the Department of Indiana who arrived on the special are Commander W. E. Gorsuch, Asst.-Adj.-Gen. J. R. Foster, Color Bearer Charles W. Wheat, Judge Advocate General W. A. Ketchum, Capt. W. H. Armstrong, Mrs. Belle N. Ethlin, president of the Woman's Relief Corps of the department of Indiana; Sarah G. White, secretary; Mary Leatherman, treasurer; Mrs. L. J. Gorsuch, counselor, and Mrs. Jane Hutchison of the Executive Board.

Ladies of the G.A.R. of the department of Indiana established their headquarters opposite the headquarters of the Women's Relief Corps, and Catherine Ross, Na-

The Famous Cook's Drum Corps, G. A. R., and Their Woman Leader. The crack Denver organization, one of the best-known bands in America, arrived here for the encampment yesterday, with Miss Anna Warren, color bearer, at its head. In smart zouave costume they made a striking appearance as they marched through the streets. At the left, in front, is Gen. W. C. Cook and at the right, Col. W. S. Daubenspeck.

ranking clergyman, but, so far as he knows, is the only member of the G.A.R. at present holding a local pastorate.

On the platform, with the commander, were Mayor Alexander, who welcomed him in behalf of the city; Gen. John C. and Capt. Black of Chicago, Col. J. J. Steadman of Los Angeles, H. Z. Osborne, Past Chaplain-in-Chief Garret R. Vanhorne of Rockford, Ill.; Adj.-Gen. C. R. E. Koch and other visiting comrades.

The commander prefaced his talk by quoting B. F. Taylor's tribute to the flag, after Lookout Mountain. As he spoke he moved his audience to tears by the pathos of his eloquence, the patriotism of his sentiments, and high ideals to which he directed his address.

In the opening prayer, Past Chaplain Vanhorne invoked the blessing of divinity upon the old soldiers who had fought the good fight and now stood upon the threshold of eternity. As the beloved chief rose to speak, the silver-headed veterans of another generation bowed to the solemnity of the passing years, and the fact that for many, this is their last reunion.

COMMANDER'S ADDRESS.
"It has been the desire of civilization," said Commander Trimble, "to do the right, and religion is vital to the progress of the human race."

Recklessness?

VETERANS HURT IN CAR CRASH.

TROLLEY COLLIDES WITH AUTO: NO FATAL INJURIES.

Visiting Delegates to Grand Army Encampment Badly Shaken Up While Touring the City in Sightseeing Machine—Chauffeur and Motorman Both Blamed.

The first serious mishap of the Grand Army encampment occurred about noon yesterday, when car No. 237 of the Los Angeles Railway Company ran into a sightseeing automobile containing a number of veterans at the corner of First street and Westmoreland boulevard.

James L. Adams, delegate to the encampment from Bradford, Pa., was the most seriously injured, being knocked unconscious and internally injured in addition to a number of bad cuts and bruises about the head and shoulders. He was taken to his room at the Alexandria in the machine of A. P. Johnson, who happened to be passing, and was placed in the care of the house physician. The latter stated that his injuries, though serious, are not permanent or fatal.

Robert J. Bell, Past Post Commander of Post No. 2, Philadelphia, with his wife, Catherine Spare of the same post, and several other veterans were

of automobile reception committees met each train and extended to every delegation heartfelt greetings. Ten thousand new arrivals reached the city yesterday.

San Francisco's delegation of 500 Civil War veterans and their relatives and friends was the last but the largest train to get into Los Angeles yesterday. It arrived in three sections over the Santa Fe Railroad, the first coming in at 10:40, the second at 11 and the last section at 11:10 o'clock last night.

Shortly before the arrival of the San Francisco delegation, the New York delegation reached the city. Fifteen delegates from the Department of New York registered at the rooms of the national Commander-in-Chief in the Alexandria. They were accompanied on the cross-continent journey by several hundred comrades and visitors.

Fifteen thousand veterans and delegates and veterans had registered up to midnight and 5000 others who arrived in the city late were unable to sign until today.

Massachusetts veterans, 153 strong, including forty delegates, arrived at the Santa Fe station at 6:45 o'clock yesterday morning. Automobile reception committees met them without formality at such an early hour and they were whirled uptown to the Alexandria.

RELIEF CORPS STAFF IS HERE.

Headquarters Established and Work Begins.

Order Has Romantic History from Beginning.

Labors in War and Peace Endear to Nation.

With the arrival in the city of Mrs. Cora F. Davis, National President of the Woman's Relief Corps, accompanied by her staff, the activities of the order will begin this morning. Headquarters have been established at the Alexandria Hotel, where all delegates will be required to register. The Auditing Committee and press correspondents will go into session this morning.

The Woman's Relief Corps, the auxiliary of the Grand Army of the Republic, has a remarkable and romantic history. When the soft southern air was clearest this morning in April, 1861, by the shot which was fired into Ft. Sumter, the echoes were awakened not only in the hearts of the men of the nation, but in the hearts of the loyal women—the wives, mothers, sisters, daughters, and those who had no male relatives to go—and before the revolution ceased, there was need for the deft hand of woman, and as ever in the history of the world, she arose to the emergency.

The call for troops had hardly been sounded when the women began to gather to plan work for loved ones who were going to the front, leaving untold burdens to be borne by the no less brave and loyal home-keepers. Soon these bands of women became organized, and there was plenty of work for them. After the war was over there was still work to do for the maimed, the sick and the widows and orphans, and many of these societies never disbanded. Thus when Paul Van der Voort, Commander-in-Chief of the Grand Army of the Republic, issued his famous call to form an auxiliary for the Grand Army, which they were to name "blessed," there were plenty of patriotic women to respond.

Massachusetts was full of feminine organizations, and Ohio, Pennsylvania, and several other States had bodies that sent representatives to that famous meeting in Denver in 1883. The women formed a national body and presented their organization to the Grand Army. It was accepted, and wisely left free to work out its own plans for the future. In this organization, not only the relatives of veterans are received, but all loyal women. The members come from every walk in life, and the best women of the country are proud to wear the little brown badge, which represents Fraternity, Charity and Loyalty.

The bounty of the order flows through many channels, but the end is the same, and there has been expended in relief since 1883 more than three millions of dollars.

AIMS AND OBJECTS.
The aims and objects of the Woman's Relief Corps are: "To specially aid and assist the Grand Army of the Republic, and to perpetuate the memory of their heroes; to assist such Union veterans as need their help and protection, and to extend needful aid to their widows and orphans. To find them homes and employment, and assure them of sympathy and friends. To cherish and emulate the deeds of valor of the men of all loyal women who rendered loving service to our country in her hour of peril."

"To maintain true allegiance to the United States of America; to inculcate lessons of patriotism and love of country among our children and the communities in which we live; and to encourage the spread of universal liberty and equal rights to all."

"This organization was the first to introduce the salute to the flag in the public schools and to make the observance of Flag Day general by preparing and carrying out suitable programmes."

There are two salutes to the flag taught in the schools, the one for the older scholars being, "I pledge allegiance to my flag and to the Republic for which it stands; one nation indivisible, with liberty and justice for all."

"The other is taught the younger pupils, and is, 'I give my head and my heart to God and my country; one country, one language, one flag.'"

PATRIOTIC TEACHING.
The Woman's Relief Corps lays much stress upon patriotic teaching and was the first order to introduce this in the public schools and to place flags up-

TODAY'S PROGRAMME OF EVENTS FOR GRAND ARMY.

TODAY is officially known as Pasadena Day, the Crown of the Valley to be bestowed all day to the members of the Grand Army, allied organizations, their families and visitors to the National Encampment. The festivities will begin at 9:30 o'clock a.m. with a reception at Library Park, followed by auto rides about the city and visits to the Cawston Ostrich Farm, Busch's sunken gardens and other points of interest. Luncheon will be served at Library Park from 11:30 to 1:30 o'clock, followed by a patriotic programme in which Mayor Thum, Dr. Matt Hughes and Grand Army men will participate.

The Federation of State Societies will hold their annual picnic at Sycamore Park all day, in joint celebration of Admission Day and the Grand Army Encampment. Commander-in-Chief Trimble, Past Commander and former Governor of Minnesota Van Sant, President Richardson and I. B. Dockweiler will be among the speakers. The Illinois State Society will picnic at Eastlake Park, entertaining veterans of that department and ladies.

At 9 o'clock a.m. there will be a reunion of the Civil War Musicians' Association at Caledonia Hall; at 10 o'clock, of the Signal Corps Association at Mammoth Hall; at the same hour, of the Twenty-ninth Missouri at Taft Hall, Walker Theater building. There will be business meetings of various committees at the different headquarters all day.

At 8 o'clock p.m. the California and Nevada department, Daughters of Veterans, will tender a reception to the national officers of the Grand Army at the Hayward. The Ladies of the G.A.R. of the same department will hold a similar reception at the Angelus beginning at 9 o'clock. A third reception will be tendered the colored veterans at Armory Hall at 8 o'clock.

on school-houses. Members of the order have not stopped here, but, through their influence many of the States have enacted flag laws, for the flying of the flag over schools and other public buildings. The order also presents flags to Sunday-schools, and works constantly to prevent the desecration of the flag.

The Woman's Relief Corps is an incorporated body, and the following are the incorporators: Mrs. Sarah D. Winans, Mrs. Jennie S. Wright, Mrs. Kate B. Sherwood, Mrs. Cora Day Young, Mrs. Mary C. Wentzel, Mrs. Mary M. North, Mrs. Sarah E. Phillips, Mrs. Elizabeth A. Turner, Miss Clara Barton, Mrs. Allaseba M. Bliss. They have owned much valued real estate, and are now interested in a number of homes for veterans and their wives. When the old prison pen, Andersonville, came into their hands they accepted it as a sacred trust, and at once began to make the unresponsive soil yield to the hand of the producer. A ten-room house was built upon the place, and a care-

taker installed. The old stockade was not molested, nor any of the forts or earthworks. The "wells" were out-lined with shrubbery, a rose garden planted and pecan and fruit trees set out.

More land was purchased, and when the place had begun to look better, it was presented a free and unincumbered gift to the United States government.

The Woman's Relief Corps is interested in a permanent fund for the Grand Army. At the twenty-fifth annual convention, they gave the G.A.R. \$5000, and have been adding to this sum annually.

The national officers of the organization are: National President, Cora F. Davis, Union, Or.; National Secretary, Jennie B. Higgins, Union, Or.; National Treasurer, Abbie Lynch, Pittsburgh, Pa.; National Senior Vice-President, Julia E. Dockery, Kirksville, Mo.; National Junior Vice-President, Julia Payne Nason, Providence, R. I.; National Chaplain, May L. Douglas, Concord, N. VOICE FROM THE NORTH.
Salt Lake Singer Comes to Grace Encampment Upon Invitation of National Commander.

Mrs. Emma Ramsey Morris of Salt Lake, the soprano whose singing led to an special invitation from Commander-in-Chief Trimble to appear at the encampment in Los Angeles, arrived in the city yesterday and will be heard tomorrow evening at the campfire, Shrine Auditorium.

Mrs. Morris received her musical education in Paris and Berlin, and sang with much success abroad before returning to this country. She has appeared at the Salt Lake Tabernacle whenever the city has entertained distinguished guests, and sang for Presidents Taft and Roosevelt during recent visits there. She will sing tomorrow "The Flag Without a Stain."

The song most praised by Commander Trimble at Salt Lake.

WOMEN THE SAMARITANS OF MIGHTY ORGANIZATION.

"OURS is an organization combining social, fraternal and general relief work and is in no way connected with or striving against any other organization within the G.A.R." said Mrs. Catherine Strong, president of the Ladies of the G.A.R., who arrived at the Angelus yesterday where the headquarters of this society are located.

"We hold only the highest respect and regard for the Woman's Relief Corps which has so ably and often assisted our fathers, husbands, brothers and other relatives who fought for the preservation of the nation," she said. "There have been intimations that we are merely a social organization, holding ourselves above the others, but that is not the reason for our existence."

"Since this society was organized in 1881, it has expended in actual cash \$1,560,012.16 for the amelioration of the sufferings of the needy, made so by the demise of the bread winners who went to the war and never returned. This last year our relief work has cost us in cash \$124,445.15 and in supplies of various kinds, food stuffs, clothing and other necessities, \$20,469.80 which is certainly evidence that our motives are of the highest."

G.A.R. NOTES
OF THE LADIES.

Mrs. Ross, who comes from Denver, and belongs to the Colorado and Wyoming Department, stated that the society has upwards of 50,000 women enrolled, all wives, sisters, daughters or nieces of the war heroes and that unless the qualification of direct blood relationship exists between a veteran and the woman desiring to enter, membership is impossible.

"In other words we are following closely the idea of exclusive eligibility of the Daughters of the Revolution and our members might well be termed the noble women of the United States."

Mrs. Ross is a very interesting personality having risen by that power from the ranks of outer guard in a chapter of the organization to the office of the national organization and finally the presidency. Her husband was a high private in the ranks and was one of the 130 men who routed the entire army of Gen. Price outside of Louisville. She herself was a member of the Sanitary Commission of Chattanooga and was actively engaged in the direction of making supplies for the soldiers during the war period.

Mrs. Florence O. McClelland, National Chief of Staff, is here to attend the W.R.C. convention and to attend the American Woman's Press Association, of which she is treasurer.

Mrs. Elizabeth Robbins Berry of Boston, who is the corresponding secretary of the American Woman's Press Association, is well known in W.R.C. circles for her patriotic work.

Mrs. Emma Stark Hampton, National President of the Woman's Relief Corps, is of Revolutionary stock, being descended from Gen. Stark. She arrived with the Michigan delegation yesterday.

Mrs. Lois M. Knauft of Cleveland, O., is a candidate for National President of the W.R.C. Mrs. Knauft is National Patriotic Instructor of the W.R.C. and is serving her second term.

Mrs. Ida S. McBride of Indiana, accompanied by her husband, Judge McBride, is in the city. Mrs. McBride is a candidate for National President of the Woman's Relief Corps. She was National Secretary of the order when Mrs. Agnes Hitt was National President.

Mrs. Sarah C. White of Rockville, Ind., secretary of her department, is at the Alexandria. All delegates are expected to present themselves with their credentials for enrollment, and receive delegate's badges.

Sounding the highest note in the development of aristocratic Wilshire. Two hundred mesa acres, extending and intensifying the exclusive charms of Wilshire Boulevard. Improved and beautified on a scale broadened and enlarged, by comparison with the highest types of foreign and American residential parks.

Spacious grounds in units of a hundred feet. Each parcel individually restricted, assuring perfect balance of dignity throughout the neighborhood as a whole. The entire subdivision within the city, yet retaining to fifty years to come, an autonomy in character, individuality and surroundings, equaled to a similar degree, by no other residential park on the American continent.

A thousand features of interest, cheerfully furnished on request. Every nice whim, in choice of location, may be gratified by selecting early.

FOR CARE OF VETERANS.
Emergency Hospital Established and Ambulance Service to Be Maintained Through Encampment.

An emergency hospital for the care of veterans or wayfarers overcome during the G.A.R. convention was established Saturday at the Pacific Electric station, Sixth and Main streets, by the Medical and Public Comfort Committee, under the chairmanship of Dr. Walter Lindley, who has complete charge of all medical arrangements during the encampment.

A dozen ambulances stationed on street corners during the parade Wednesday will convey to the hospital any persons overcome by the fatigue of marching. It is expected that many of the veterans will attempt feats beyond their strength, while others may not be able to endure the crush of the crowds.

A subcommittee of physicians, under the leadership of Dr. Albert W. Moore, has been appointed to take active charge of the hospital. It is made up of Dr. E. Swift, Dr. Melvin Ellis, Dr. W. L. Higgins, Dr. E. H. Wiley, Dr. H. B. Tebbetts, Dr. J. L. Choate, Dr. F. F. Clair and Dr. George E. Malabary. These physicians have donated their services for the convention period, and one or more of them will be constantly at the hospital between the hours of 9 o'clock in the morning, and 10 o'clock at night.

Two nurses, male and female, will be kept on duty, and there will be a complete stock of emergency appliances on hand. The Pacific Electric has offered its hospital, in the same building, for any cases too serious to be treated in the other. If this does not suffice the city hospitals will be pressed into service.

CHAPLAIN JONES.
Success of the Union Arms in Civil War, where soldiers equal courage and military knowledge served against each other, was great. God has destined this city to be the site of the greatest gathering of the week of the Old Camp Grounds. The musical features were provided by the stirring national encampment.

Mrs. Buser, leader of the singing programme, and the church choir, sang the "Star Spangled Banner." At least one half the congregation was composed of veterans.

NEW ENGLAND'S CANDIDATE HERE

CAPT. BEERS IN RACE TO HEAD
GRAND ARMY.

Modest in Discussing Own Chances
for Highest Office, but Warmly
Praises Those Whom the Exigencies
of Organization's "Politics"
Make His Friendly Rivals.

Still a very young man, as veterans of the Civil War go, Capt. Alfred B. Beers arrived at the Alexandria yesterday morning from his home in Bridgeport, Ct., and throughout the day was the center of a group of friends who believe that he will be the next Commander-in-Chief of the G.A.R.

Capt. Beers has little of the strikingly soldierly air about him, appearing more like the brisk, breezy business man of the present day. He has a very pleasing smile and like all men who have been long before the public, is easy to meet and very agreeable in his conversation.

"Were it not for the continued call of my numerous friends, and for the efforts they are putting forth to have a New England man in the presidency of the G.A.R., I probably would never have thought of being placed in the high position," he declared. "The roll of the army will show many more brilliant or able leaders, perhaps, than I could possibly make. I am entirely in the hands of the men who are putting my name before the Encampment."

"There has always been a lively and keen rivalry for the zenith of any old soldier's ambitions and should I win the present race it will only be with the best will toward that gallant old war hero, Gen. Sickles, and Commander Tibbets, who are in the race. They are two warm friends and there will be no mistake in the election of either on the part of the delegates, should they see fit to place my name in the discard."

Capt. Beers spoke warmly of the deeds of Gen. Sickles, who was presented a medal of bravery for the part he took on the field of Gettysburg. He referred to little to his own war record, which is of special interest because of the fact that he enlisted while a boy of scarcely 16. At the age of 20 he came out of the conflict with the commission of captain. He was commander of the Department of Connecticut in 1880; judge advocate-general of the national organization from 1893 to 1895; junior vice-commander in 1899 and chairman of the Committee on Rules since that time. In civil life he has been an attorney and for years held the position of judge in the city court of Bridgeport. Owing to his wide acquaintance, his genial personality and, particularly to the fact that the "Nutmeg" State has never been honored with the highest position in the gift of the organization, the New England veterans are all strong for him.

Echo of Years.

THE "BOY" BEATS DRUM OF SHILOH.

SOUNDS THE LONG ROLL WHILE
OLD COMRADES CHEER.

Historic Call to Arms Reverberates Through Y.M.C.A., and Past Commander Tanner Tells of What We Owe the Veterans—"Gave Lives and Limbs Freely."

The drum which sounded the long roll calling the soldiers of the North into line of battle on the morning of April 6, 1862, before Shiloh, yesterday sounded the same call for Grand Army veterans assembled in the auditorium of the Y.M.C.A. building here. The youthful veteran who evoked the cheers of his comrades was Philip L. Case, the "drummer boy of Shiloh."

The historic call to arms aroused the audience to patriotic fervor which did not abate until the appearance of Corporal James Tanner, Past Commander-in-Chief of the G.A.R., the speaker of the day. The introduction of Commander Tanner, who lost both legs at the second battle of Bull Run, was the signal for a wild outbreak of cheering on the part of his comrades and continued applause from the rest of the audience.

"One thing I should like to impress upon you young men of today," Corporal Tanner began, "which should occur to you every time you see these boys of other days hobnobbing up the streets of your fair city of Los Angeles: whatever of greatness and glory you may have as American citizens today you take as heirs of these old soldiers who for a few days are enjoying your hospitality."

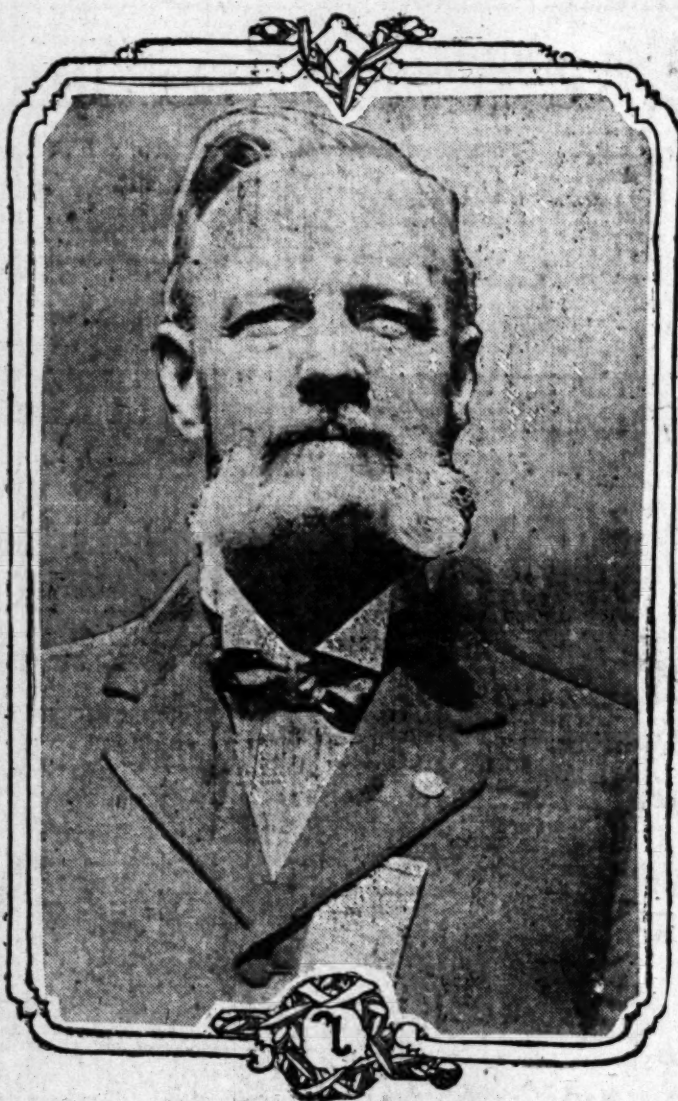

"Remember that in the bright springtime of 1861 they were the young men of the country, stalwart and strong as you are today. Life looked as bright and ambition called even as it calls to you. These boys of another day responded to the call of duty, and today you enjoy the fruit of their sacrifice. Be it said to their credit that not one of them ever voiced a regret for personal sacrifice. This fact I would like to have linger in the mind of the citizenship of Los Angeles."

Commenting on reports of possible conflict with Mexico, the aged soldier said he voiced the sentiment of his comrades of the Grand Army in praying that peace might continue if that were possible with honor.

"No veteran of the Civil War," he said, "who endured the hardships and witnessed the suffering incident to that conflict, ever would advocate war where peace might be had without loss of honor."

The speaker paid a high tribute to the women of the North and the South, declaring that the Union arms would have been victorious eighteen months sooner had it not been for the heroism of the southern mothers and wives. The women of the North suffered most, he contended, and told how hearts were broken while fingers continued to pick lint.

Corporal Tanner was present at the death of President Lincoln and in his address before his Grand Army comrades declared that in Lincoln's demise the South lost its strongest advocate and truest friend. He concluded his speech with an appeal to his comrades to meet death with the same calmness and the same fortitude shown on a thousand battlefields during the great war.

Judge Alfred B. Beers,

of Bridgeport, Ct., as he appeared immediately after arriving yesterday. Judge Beers is regarded as the most favored candidate for Commander-in-Chief of the Grand Army at the forthcoming election.

MIGHTY VETERAN ARMY.

ters of the veterans of Indiana at the Alexandria yesterday afternoon. Mrs. L. E. Manson, President; A. B. Carr, Secretary; L. Howard, Department Senior Vice-President; Mary C. Douglas, First Delegate, and Corresponding Secretary, E. L. Toby arrived on the special.

THE NUTMEG.

Connecticut veterans arrived over the Santa Fe at 7:30 a.m. in three cars, and with a representation of fifty veterans and a host of other eastern visitors. W. H. Douglas is the Department Commander in charge. Those of his staff, who arrived on the special included Asst. Adj.-Gen. Henry J. Seeley, Capt. A. B. Beers of Bridgeport, who is candidate for the office of National Commander-in-Chief, and G. A. Smith, E. A. May, R. J. Colbert, D. W. Sharp, G. I. Beaton, W. L. Davis, Abraham C. A. Babcock, C. Griswold, and Samuel J. Cook. Judge Beers was given a tremendous ovation upon his arrival. He was met at the station by a special Reception Committee, and tendered an informal reception at the Alexandria upon the party's arrival at headquarters.

The Connecticut delegation was six days en route, having stopped for a day at the Grand Canyon to see the sights.

Among a number of other delegations which arrived in the early part of the day, was Gen. Cook's Denver drum corps, which is quartered at the Lankershim.

PATRIOTIC INSTRUCTORS.

Picnards were yesterday posted at all department headquarters notifying department patriotic instructors that they should meet at the Seventh Regiment armory Tuesday at 10 o'clock, a.m., for the transaction of important business. While the nature of this call was not made public it is understood that the meeting will result in the organization of a permanent National Patriotic Instructors organization. National Patriotic Instructor J. Lewis is in charge of the arrangements.

Former Gov. S. R. Van Sant, of Minnesota, one of the most conspicuous veterans in the procession, arrived in Los Angeles with the Minnesota delegation yesterday morning. He has been Commander-in-Chief of the G.A.R. and it was with great pride that he last night exhibited to admiring comrades at the Alexandria, a beautiful badge, containing eighty big diamonds. This was presented to him upon his retirement from the national grand command.

With the Minnesota party were sixteen veteran delegates and fifteen delegates of the Women's Relief Corps. Thirteen cars were on the train, two of which were exclusively used by the veterans. W. P. Roberts is in command of the department. With him are Asst. Adj. Orton S. Clark and Ida R. Martin, Past Department Commander of the Minnesota Women's Relief Corps.

The Utah delegation came at an early hour yesterday morning, and immediately scattered over the city, bent on sightseeing. As yet the delegation has not selected its headquarters, but by noon it is expected that this will be decided upon. Several hundred veterans and friends were aboard the train, which came in over the Salt Lake.

Delegations from Delaware, Maryland and the Potomac, reached the city late last night, and early this morning on different sections. They are registered at the Roslyn, where department headquarters are located. At midnight each of the following State delegations had been reported registered: California and Nevada, Pennsylvania, Illinois, Minnesota, Utah, Delaware, Maryland, New York, Missouri, Texas, Massachusetts, Kansas, Connecticut, Indiana, Arizona, Ohio, and Cook's Denver drum corps.

Delegations expected to arrive today and early tomorrow are Alabama, Arkansas, Florida, Idaho, Kentucky, Mississippi, Maine, Michigan, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Tennessee, Virginia, North Carolina, Washington, Alaska, West Virginia and Wisconsin.

VETERANS HURT IN CRASH.

(Continued from First Page.)

slightly bruised, but none as seriously as Comrade Adams. Those who were in the accident blame both the motorman of the car and the driver of the sightseeing vehicle.

"The car was moving at a very high speed and the motorman seemed unable to apply the brakes," declared Commander Bell. "The driver of our machine was also traveling at a good rate and knowing the dangerous nature of the crossing, should have displayed greater care in approaching it. Only the hand of Providence saved us all from more serious and possibly fatal injuries."

At the time of the accident there were about twelve persons in the sightseeing car, which was badly damaged, and half that many on the street car.

THE FIGHTING CARRS.

Militant Chaplain Seeks Election to Chief Religious Office—Eastern Women Also Get Busy.

Rev. Horace M. Carr, one of the fighting Carrs of Civil War fame, arrived at the Hollenbeck yesterday and is a candidate for election to the office of Chaplain-in-Chief. He is being strongly backed by the Kansas delegation and several other middle western States, his home being in Parsons, Kan.

He is one of four brothers who saw service during the war. Gen. Eugene A. Carr, recently deceased, was a famous division commander; Col. B. O. Carr was with the Third Illinois Cavalry; Capt. George P. Carr was with one of the Arkansas regiments; the Los Angeles visitor served under his brother in the Illinois Cavalry and also as hospital chaplain.

The various poets for whom he has frequently been the orator of the day, or the leader in memorial service, have sent strong papers and still stronger delegations to support him.

Mrs. Harriet A. Hill, president of the Women's Relief Corps of the Department of Rhode Island, and his staff of the Department of Rhode Island, which will take place at the Alexandria tomorrow evening. Mrs. Hill has already achieved considerable distinction in her brief sojourn because of her activity in these affairs.
